

Notice Regarding the Discontinuation of Course Subsidies for QT

After careful consideration, JGTO has decided to discontinue, beginning with this year's QT, the subsidies previously paid to host golf courses for the tournament operations.

As these subsidies have been applied toward player fees, fees for QT participants will increase compared to previous years.

【1st Stage】

JPY 4,500 (excluding tax) per player per day
(5 days including the official practice day)

【2nd Stage to Final Stage】

JPY 5,000 (excluding tax) per player per day
(5 days including the official practice day)

We sincerely appreciate your understanding and cooperation regarding this change.

JGTO
